

Award Contract for Ferry Street Building

Work is expected to commence within a very short time, on the new building to be erected by the City of Norwich on Ferry street. The architect, Mr. J. H. Smith, of the firm of J. H. Smith & Co., has been awarded the contract for the building. The plans show a building of steel and brick construction, 67-69 feet and three stories high. The building is to be used for the City of Norwich, and is to be erected on the site of the old City Hall, which was destroyed by fire in 1914. The building is to be erected on the site of the old City Hall, which was destroyed by fire in 1914. The building is to be erected on the site of the old City Hall, which was destroyed by fire in 1914.

There were no permits granted and building applications filed at the office of the City Engineer, Mr. J. H. Smith, during the past week. The office of the City Engineer, Mr. J. H. Smith, is located at 100 State street. The office of the City Engineer, Mr. J. H. Smith, is located at 100 State street. The office of the City Engineer, Mr. J. H. Smith, is located at 100 State street.

REAL ESTATE SALES
In Norwich during the past week there were 11 sales of real estate as compared to 10 sales for the same week in 1920. The mortgage loans for the week were \$36,680 as against \$16,050 for the same week a year ago. In New London the real estate sales for the week were \$18,650 and in 1920 during the same week the loans were \$19,655.

NEW LONDON
A Hartford architect drawing plans for alterations to the Havemeyer place at Bluffton, owned by C. D. Talbot of Bluffton. The project consists of extensive changes to the house now of the site and the erection of an addition which will double the size of the house. The addition will contain a number of rooms to be used by the owner, including a large bedroom, and also some for servants. A garage is also being constructed. The plans are to be put out to invited contractors for estimates. It is expected to start in the near future.

Today's Beauty Talk

A New York woman says: "I have used Parisian sage two weeks, and my hair has wonderfully increased in quantity, is much heavier, and is entirely free of dandruff. I guarantee it. Lee & Osmond Co."

SCIENCE SCORES SUCCESS!

AFFLICTIONS REMOVED BY NATURE'S METHODS
IF you are intelligent and—
IF you don't believe only hearsay, and—
IF you believe what your eyes see—
You should consult a Naturepath of the Blumer College type for your health.

PRIVATE OFFICES IN THAYER BUILDING, ROOM 315, ARE FOUND TO BE CROWDED DAILY!

Demonstration by the founder of this health at Elks' Hall, and wonderful victory over disease was sufficient proof of what can be done by the new health science which proved results in the most stubborn cases. Admirable Results! "Great Work." "I certainly was sceptical before I came to Elks' Hall, but I am convinced now, and many of such similar remarks were heard by some of our best people in this city."

Naturepath demonstrates results, there is no getting away from it. We are more than proud of having the opportunity to learn from the founder of this health science, what Naturepath is, how it accomplishes the results, and that the triplicity of sciences—mental, mechanical and natural, are so classified as to be able to adapt them to the case in question.

Life, energy and perfect health is what every human heart desires, and when Naturepath conspicuously demonstrates such results, we certainly should throw our confidence in this direction.

We are urged to demand of Blumer College graduates, why? This was explained in Elks' hall for two consecutive weeks. There are people who are such in name only, but have not the degree of education, unless graduated under the founder. There are two schools teaching Naturepath in its entirety—one in New York and one in Hartford. Both of these colleges are conducted by the Blumer College Association, and therefore, graduates of this institution are guaranteed to have the proper qualification.

People of Norwich and vicinity, who attended these lectures and demonstrations every afternoon the last two weeks, were convinced that this is the greatest health science in existence.

Among those who received treatment in the hall and in their private offices, are the following:

A young lady whose eyes were badly affected, received about seven minutes' treatment, made such wonderful recovery that she described people in front of her without the glasses.

An old gentleman was relieved of acute rheumatism in less than 8 minutes.

There came a citizen of Norwich, who had suffered with a sharp pain in the region of the abdomen for the past five years, having been treated both in New York and other hospitals without results. After a brief Naturepathic treatment he was relieved of the excruciating pain and his troubled and contracted features became calm and relaxed. He walked off the stage expressing his gratitude for the relief thus obtained.

A little girl four years of age, who had never walked, having been weak and backward from infancy, was treated by the demonstrator, who brought her to her feet, and she walked about only a short treatment. The child excited the audience by walking around the stage.

A man whose neck was so rigid that he was unable to move it—he did not sleep for nearly ten days. He was treated by several local doctors, without relief. Two Naturepathic treatments were sufficient to relieve him. After the first treatment he went home and fell asleep for nearly 14 hours. On awaking he found he could use his head in all directions.

A young lady who suffered four years from neuralgia, was relieved of all pain in a moment of time.

that work on the changes will be started soon.

Building Permit
Valentine Oil Co., garage, 14th street. Cost \$2,000.

PETTY OFFICERS SENTENCED FOR KEEPING OF LIQUOR
Washington, Feb. 6.—Five petty officers of the navy, it was announced today at the navy department, have been sentenced to a year's imprisonment, reduction in rank to second class seamen and loss of pay until their discharges, for "keeping and keeping of liquor" on board the ship. The officers were: William J. Redding, the cases of two other officers, one commander and the other a warrant officer, involving similar charges still are pending.

The general court martial held that the men were guilty of conspiring together for the purpose of transporting from Germany, Cuba and other foreign ports, and smuggling into the United States, for sale, a considerable quantity of alcoholic liquor and of violating naval regulations by taking and keeping liquor on board a naval vessel.

The petty officers were sentenced by the court martial to dishonorable discharge after a period of confinement of from two to three years but the navy department is acting on the cases differently. The conviction on the charge of conspiracy, because of insufficient evidence and reduced the confinement in each case to one year.

WOMAN FOUND STRANGLED IN TRENTON ROOMING HOUSE
Trenton, N. J., Feb. 6.—Margaret Grady, 50, a maid at the Nurses' home of McKim's hospital, was found in a rooming house, strangled.

Mark Johnson, proprietor of the rooming house, is under arrest and police are looking for a woman who is alleged to have told Johnson she had a wife employed at the hospital who occasionally visited him.

This lodger left the house yesterday. When he did not return, Johnson told the police, he broke into his room and found the woman's body, with a piece of rope on the floor near the bed. Johnson said the room showed evidence of a struggle.

At the hospital it was said the woman was thought to be a widow. Several months ago she had the missing lodger arrested for assault and was sentenced to a term in the county work house. Later he was freed on the woman's request.

FALL OF COPING KILLED ONE MAN AND INJURED ANOTHER
New York, Feb. 6.—August Eklund, of this city, was killed and William McDowell, of Jersey City, seriously injured today when a piece of coping fell from the roof of a 15 story apartment house under construction on River Side drive. The two men were working on the drive when the coping struck them.

It hardly pays to be a prodigal son unless you are partial to veal.

FAVOR INCREASE OF U. S. DISTRICT JUDGES BY 15
Washington, Feb. 6.—An increase of thirteen in the number of United States district judges was agreed upon today by the senate judiciary committee as a means of relieving the congestion in the nation's federal courts.

As originally introduced the bill proposed an increase of 22.

The committee also agreed to report favorably that section of the bill which provides that whenever a vacancy occurs in the office of any of the judges appointed under the bill, the vacancy shall not be filled until Congress convenes.

The increases are agreed to upon the recommendation of Chief Justice Taft and Attorney General Duggan, after conferences with United States judges and district attorneys.

Members of the committee said that while an agreement has been reached as to the additional judges to be recommended it was expected there would be considerable opposition encountered upon the floor of the senate.

WOULD PUT RECEIVERS IN CHARGE OF GERMAN REVENUES
New York, Feb. 6.—The allies must proceed as though Germany was bankrupt and set up a receivership in Berlin, it was urged by the president of the Federal Union of the Allies, Francis Asselt, at the federal annual session today.

He held that, instead of a "trustful" policy for Germany, bankruptcy is "recognized by the entire civilized world, as the necessary and proper procedure for the settlement of a bankrupt nation."

"The allies should accept the declaration of the German government that it cannot pay its obligations and put a financial commission in Berlin as receivers in charge of the public revenues, in control of the banks authorized to issue bank notes to circulate as money," he said.

"Let the financial commission be supported by a sufficient military force to compel respect of its orders."

PAUL BULLARD, AGED 29, CHARGED WITH BIGAMY
Newark, N. J., Feb. 6.—Charged with having married two women within ten months, without the formality of a divorce, Paul Bullard, 29, was arraigned here today and held in \$3,000 bail as a fugitive from justice. He was arrested last night at the home of Mrs. Patrick Burns, mother of his first wife, Bessie Fuller, who confronted him with a second young woman, Miss Lillian Soper, who also claims to have married him. The first marriage took place here April 5, 1921, and the second one in Brooklyn, January 14th last.

Bullard agreed to waive extradition and go to Brooklyn to face charges of bigamy, which he denies. He admitted, however, that he had taken out a license to wed Miss Soper.

Frank Sznitak, who conducts a grocery store at 556 Main street, was arrested by Sergeant Samuel Hick and Patrolman William Graham on a charge of selling liquor. He was released on bonds of \$500 for his appearance in court in the morning. The police say Sznitak is a former resident of Norwich, and has been here about two months. It is stated by the police that Sznitak has been dealing with sailors and soldiers and a search of the store revealed a quantity of liquor which tested 63 per cent; alcohol.

The police on traffic duty tonight are showing white painted clubs and before the end of the week the men will be ordered to wear white gloves. This is claimed will be an aid in the detection of automobile traffic but veterans of the police force claim that differently colored gloves of the old times say that so many rules and regulations are issued under the new administration that they will not be surprised to hear of an order directing them to wear skirts and button hole bouquets.

Citro Facendo arrested in Worcester last week by County Detective William E. Jackson and Captain Edward Roach of the New Haven railroad police on a charge of stealing goods from a freight car is at liberty on a bond of \$2,500. In the police court this morning Attorney Thomas E. Troland obtained a continuance of the case against his client and after a prolonged hearing over the question of proper security Facendo was allowed his liberty pending further proceedings.

Sandy Lox, held by the police here as a suspicious character, who may be wanted by the Washington police on a murder charge is in jail tonight in old jail of bail.

NEW LONDON SPENT \$524,304 IN FOUR MONTHS OF CITY ADMINISTRATION

(Special to The Bulletin.)
New London, Feb. 6.—At the meeting of the council tonight City Manager James E. Barlow and his report of the financial condition of the city under his management for four months. The total amount of receipts were \$537,884.71, and the disbursements \$524,304.17, leaving a cash balance on hand of \$8,280.23. This is said to be a saving of \$13,580.54, or for a similar period in the last year.

The New London Daily was outwitted and under bid for city advertising when the council tonight City Manager James E. Barlow and his report of the financial condition of the city under his management for four months. RHEUMATISM HAD HIM IN ITS GRIP 50 YEARS

Restored to Splendid Health by Tanlac, Well Known Roxbury Citizen Makes Remarkable Statement to Public.

Had Spent Thousands of Dollars and Tried Every Known Remedy Without Finding Relief.

"Getting rid of the rheumatism at this late day completely mystifies me for I had had it for fifty years and had spent thousands of dollars. It was the statement made recently by William H. Hays, a well known resident of Roxbury, Mass., in relating his remarkable experience with Tanlac, that the people of Roxbury for forty years and is highly respected and esteemed by all who know him."

"The rheumatism got me when I was a lad in my teens and, while I reported to every known remedy, I kept getting worse as the years went by. For the past few years, every bone in my body seemed to be aching and I was unable to get on my feet and walk a distance of five miles and make it in record time. To put it all in a few words I am now in better condition than I have been in a half century. I don't think anybody could have better reason for feeling thankful to Tanlac than I have."

Tanlac is sold by National Drug Stores, Inc., in every town in the United States. It is sold by F. L. Mearns, Charles E. Jewett, Jewett City, Conn.; Deamley & Clarke, Volantown, Conn.

"Well, I was just about ready to give up the fight when my attention was called to Tanlac. How this medicine has done for me, I don't know but I know I haven't an ache or pain, and I believe I could get out there and walk a distance of five miles and make it in record time. To put it all in a few words I am now in better condition than I have been in a half century. I don't think anybody could have better reason for feeling thankful to Tanlac than I have."

OLDSMOBILE—1920—5 Pass car
in wonderful condition. Only been driven a few thousand miles. Snubbers, motor-meter, stop mats and 8 new tires are included.

STUDEBAKER—1920—5 Pass.
The car with the famous special 6 motor. Excellent condition and priced right.

OVERLAND—35—5 Pass—We
have priced this car way down and you will agree it's a bargain at our figures. Top, side curtains and paint very good. Tires fair and motor has been inspected in our shop.

STUDEBAKER—1921 BIG 6—
This car has been thoroughly looked over in our shop, and is in good condition—brand new paint, and has several extras, including bumper, wind shield wiper and spare tire.
